BRIEF ABSTRACT OF LETTER.

NOTES AND ORDERS.

GPB—30,000 –3-4-07.

OFFICE OF THE
INSPECTOR GENERAL OF POLICE IN MYSORE

(2)

Camp T-Narsipur, 28th November 1918.

My dear Sir,

In conformity with the decision arrived at, at the meetings held on the 19th and 20th instant, to consider the Food situation, which I believe ~~I believe~~ was to the effect that the Inspector General of Police was to be responsible for preventing clandestine and surreptitious removal of food grains into foreign territory, I arrived here on the 25th instant, and on enquiry I find that my suspicions that traffic in grains has been diverted from Mysore into Kollegal has been more than confirmed. The Sub Division Officer, Nanjangud, was here the other day, and he and the Amildar went from village to village but they were not able to secure one palla of rice or paddy to be sent to Mysore. The people said that they had sold away their stock as soon as they heard that orders for commandeering would issue. I had made arrangements for the opening of new ookads on roads and cart tracks and foot paths which have been left unguarded and for frontier patrol, when I received the Order of the Government, No.G.9378-432/P.P.134-18-25 dated the 25th November 1918. In view of para 8 of that Order, I have stopped further action, but before the receipt of that Order, I issued the accompanying circular to my

subordinates and recommended the appointment of an Assistant Superintendent of Police to be in charge of the patrol establishment of Nanjangud-Gundlupet frontier, which order and recommendation I feel obliged now to withdraw. I would like, however, to bring to your notice that no time can be lost in consultation, and that immediate action has to be taken in the matter. If within a fortnight from this date all the outlets are not blocked and the frontiers not effectively patrolled, I am afraid a great portion of ~~the produce of this~~ our present harvest will pass out of our country.

Yours sincerely,

M. Visvesvaraya

Circular No.3251/P.C.285 Dated 21st November 1918.

Government having assigned to the Police Department the duty of preventing and detecting clandestine and surreptitious removal of food stuffs by road and rail from the Mysore State into the British territory, the Superintendents of Police are requested to make the necessary arrangements for the same. It is recommended that the following measures may immediately be adopted -

1. To depute detectives every day to Railway Stations and Goods sheds to find out whether any prohibited commodity is received at the Stations and loaded in waggons.

2. To open out-posts, if necessary, on the roads and approaches leading to the Goods sheds, to examine whether any grain bags are being taken without licenses into the Goods sheds.

3. To patrol the frontier and prevent transport of grain by carts, pack bullocks, donkeys and other means, to places across the border.

4. To find out and give intimation at once to the proper authorities of the opening of any grain depots and warehouses in the villages lying close to the frontier.

5. To patrol the roads on which ookads have been established and check the work of ookad mutsaddies and overseers.

2. The Superintendents should go round their frontiers at once, selecting first the places which are specially adopted for the smuggling of grains, study the requirements and submit, rough the Deputy Commissioners and in consultation with the

Amildars, proposals for the necessary establishments to be entertained, utilizing as far as possible the existing police force for the purpose.
